Dear Prayer Partners,

FIRST WORSHIP SERVICE:

As I write this letter Jenny Martin and my wife Tammy are practicing piano and vocals in our living room, in preparation for our first worship service, this Sunday morning, February 4th. They are singing...

Halleluiah to the King of Kings
Halleluiah to the Lamb
Halleluiah to the Lord of Lords who is the great "I Am."

This is the theme of our service – Praise to the Lord! I will preach from Psalm 150. Please pray for us as we meet and worship together as a core-group. Pray that we would honor the Lord and bring glory to His name. This is the first of seven preview services leading up to our public launch on April 8, Easter.

NEW FAMILY!

We are thankful to the Lord for leading Dave and Sandy Hart to join the core group. The week before Ian and Linda Mackie joined the core group. This growth in the core-group is an answer to prayer and we are thankful for each of these families! Pray for them and their children's adjustment to Lake Cities Community Church.

JOURNEY TO FINANCIAL FREEDOM

You will find all the information you need for the Crown evangelistic outreach: Journey to Financial Freedom at www.LakeCitiesCommunity.org. We believe this seminar will be a blessing to anyone who attends, and are praying for attendance of around 70.

If you live in the Dallas area consider attending and bringing a friend. This is a great event to invite a non-believer to, because it will be a practical help to them, while giving them an opportunity to start a relationship with God.

CHURCH PLANTING QUOTE OF THE WEEK:

Building Momentum in a new Church Plant

The inertia that a moving object builds up is called momentum. It takes lots of energy to build up momentum, but it takes far less energy to maintain it. Momentum is more than a principle of physics.

It's a principle we can apply to our personal lives and to the life of a new church plant as well.

It takes a great deal of energy to get a yacht moving across the water, but once it gets going it's nearly unstoppable! That's the muscle of momentum. The little play craft is able to get moving more quickly. But the larger yacht is able to stand up to the rough seas. Momentum helps you with assimilating new people into the life of a new work. Momentum allows you to grow past levels that might otherwise stall your new work. Momentum helps you to create more momentum. Momentum is that little extra, which allows a new church to keep its focus on what is worthy and right for the hour. Learn to harness the muscles of momentum and they will greatly assist your new work in moving across the starting line of growing a healthy church. Keep the wind in your sails! ~ *Tom Cheyney, Unit Manager Strategic Resourcing Unit, Church Planting Group, NAMB*
